

GALOSTAR LTD

ENVIRONMENTAL POLICY STATEMENT

OUR STATEMENT OF GENERAL POLICY IS:

In all our activities, working practices and business relationships, Galostar Limited will continuously work towards protecting, conserving and enhancing all aspects of the environment, both locally and globally. To do this Galostar will:-

- Commit to continual improvement and the prevention of pollution.
- Regularly assess and understand the environmental impact of our business and specific contracts, and take steps to minimise these impacts.
- Meet all the necessary regulatory and consent requirements pertaining to our business.
- Continue to understand environmental issues and in particular those which are of direct relevance to our business.
- Continue to raise the awareness of all our employees, the effect of their actions on and their responsibility to the environment.
- Minimise our environmental impact by the operation of suitable minimisation and recycling schemes.
- Manage our buildings and construction sites in an environmentally sensitive manner.
- Make use of, wherever practicable, best environmental practice with the principle of using "best available techniques not entailing excessive cost" [BANTEECC].
- Operate a thoughtful buying policy, selecting wherever practicable, materials and services which are less damaging to the environment.
- Set environmental targets, monitor results and review on a regular basis.
- The policy shall be subject to continual reviews, outlining the present policy and procedures for implementing the overall objectives.
