

GALOSTAR LTD

QUALITY POLICY STATEMENT

Galostar Quality Policy is to achieve sustained growth by providing services which consistently satisfy the needs and expectations of its client.

The company takes all reasonable steps to ensure both the Company, its staff and Contractors operate within the law and comply with both approved codes of practice and those published by industry bodies. Where appropriate, guidance documents and best practice will be used to ensure the highest standards of occupational health and safety within the organisation.

It is the policy of Galostar to comply with the Construction [Design & Management Regulations 2007, CDM Regulations as amended 6th April 2007] and to integrate its requirements as necessary into its routine work procedures and customer needs.

This level of quality is achieved through adoption of a system of procedures that reflect the competence of the company to existing customers, potential customers, and independent auditing authorities. To reflect this, the company is committed to attaining and maintaining an ISO 9001:2008 Quality Management System.

Achievement of this policy involved all staff, who are individually responsible for the quality of their work, resulting in a continually improving working environment for all. This policy is provided and explained to each employee by the Managing Director, Construction Director or Quality Assurance Manager.

To achieve and maintain the required level of assurance, the Construction Director retains responsibility for the Quality System, with routine operation controlled by the Quality Assurance Manager, which includes the continuous improvement of the Quality Management System.

The Company hold an annual Management Review. The Managing Director may not be present, but all actions and points will be reported back from the Construction Director who will chair the meeting.
